

The Gates Foundation will pay for the students to attend any college with any undergraduate major, and for a graduate education in mathematics, science, engineering, education, or library science.

I am proud to represent these promising young students who are dedicated to excellence in the classroom and in the community. I am confident that these talented leaders will excel at the University of Nebraska and beyond. The city of Lincoln and the State of Nebraska are fortunate to have these three students as part of their community.●

HONORING THE LIGHT OF THE WORLD CHRISTIAN CHURCH

● Mr. BAYH. Mr. President, it is with great pride that I rise today to honor the Light of the World Christian Church of Indianapolis. This congregation, under the leadership of Bishop T. Garrott Benjamin Jr., is opening a new worship facility this weekend. The 3,000-member congregation has come together to raise the funds necessary for a truly impressive church. The new facility will feature a congregation hall capable of seating 1,200, a chapel for weddings and funerals, and amply space for classrooms and offices. But what I would most like to recognize is the persistence and dedication demonstrated in achieving this goal by Bishop Benjamin and the benefit he has provided our community as a result.

In addition to providing spiritual guidance, the church provides numerous family services including the well-known Respect Academy that emphasizes teaching children self-respect as well as respect for others. The church's programs and services affect nearly 2,000 young people each year. The influence the church has on the lives of the children at such an important time in their lives is invaluable.

Bishop Benjamin, now in his 34th year as pastor, has made his struggles in life the mission and driving force behind many of the youth programs offered at the Light of the World Christian Church. At the age of 5 Bishop Benjamin was abandoned by his parents and was raised entirely by his grandmother. He says it was his own experience that made him so distinctly aware of the value of a nurturing spirit in a young child's life and that has made him so proud of the youth programs sponsored by his church.

I would like to take this opportunity to commend the Light of the World Christian Church for nearly 140 years of service to the Indianapolis community. I know that my colleagues will join with me in congratulating the congregation, and especially Bishop Benjamin, for their accomplishments and in wishing them continued success as they enter a new and promising future.●

HONORING THE LIFE OF E.W. KELLEY

● Mr. BAYH. Mr. President, it is with great sadness that I rise today to honor the life of my friend, E.W. Kelley, who passed away on July 4, 2003, after a long-fought battle with prostate cancer. Mr. Kelley was known around the world for his philanthropy and generosity, yet remained a modest man who never sought the fame that came with his great gifts.

Among his many projects, Mr. Kelley helped found the Jerusalem YMCA to help foster peaceful coexistence and even friendship among the city's residents. He was also a past-president of the Boy Scouts of America Council and was involved with the United Way. In 1997, he donated more than \$23 million to Indiana University's School of Business, where he had graduated nearly 60 years before.

Born in 1917, Estel Wood Kelley grew up near Sharpsville, IN, before attending Indiana University's School of Business. Mr. Kelley made a name for himself in business marketing, creatively introducing America to countless products that have become integral parts of domestic life today. In 1961, he became the youngest vice president ever at General Foods, and in 1967 was named "Marketer of the Year" by Advertising Age magazine. However, it is his philanthropic work and the numerous lives he touched through it, for which he will be remembered best.

E.W. Kelley served as a shining example for business executives everywhere, humbly giving back to hometown institutions and international organizations alike in order to improve the lives of those around him and those he would never meet. His legacy of giving will continue through his many scholarship awards, including the Kelley Scholarship Program at Indiana University, which provides full tuition to 15 business undergraduate students each year. Mr. Kelley eschewed any special attention connected with his gifts, saying that the reason he donated to causes like Indiana University was simply "to give back to society what society helped me get."

The sense of loss to all those who knew E.W. Kelley and were affected by his generosity in Indiana, the Nation, and throughout the world is tremendous. He is survived by his wife, Wilma Lippert Kelley, and their children, E.W. Kelley II, Wayne L. Kelley and K. Kelley Germaine.

It is my sad duty to enter the name of my friend Estel Wood Kelley into the CONGRESSIONAL RECORD.●

TRIBUTE TO CAROL COTTRILL, TINA SLUSHER, AND ROBERT SALLEY

● Mr. BUNNING. Mr. President, I rise today to pay tribute to three of Kentucky's finest physicians. Drs. Carol Cottrill, Tina Slusher, and Robert Salley are exemplars in the field of

medicine because they spend several months of each year providing medical care to children in developing and underprivileged countries.

Drs. Cottrill, Slusher, and Salley performed an implantation of a new mechanical heart valve for a young girl from the village of Eku, Nigeria. Dr. Slusher first examined Sussana Olesenekwu in a 168-bed Baptist hospital near her village in Nigeria. Upon realizing the gravity of Olesenekwu's heart condition, Dr. Slusher worked with urgency to find a U.S. hospital and surgeon willing to do the surgery quickly and for free. Dr. Cottrill, a children's heart specialist, and Dr. Salley, a heart surgeon, joined Dr. Slusher in donating their time and skill to perform a surgery largely unavailable in Nigeria. Dr. Cottrill is even allowing Olesenekwu to recover in her home. Aided by Medtronic, which contributed the mechanical heart valve, and St. Joseph's Hospital, which incurred the remaining costs, these exceptional doctors saved Olesenekwu's life.

Open-heart surgery is almost nonexistent in Nigeria. Though the country has a population of approximately 130 million, it has just one facility that performs only a few surgeries each year. In Nigeria the surgery would cost \$3,000 to \$4,000, and most families earn less than \$10.00 a week. Drs. Cottrill, Slusher, and Salley's altruistic and selfless donations of time and skill are unparalleled.

Drs. Cottrill and Salley both live and practice in Lexington, KY, and Dr. Slusher is a native of Bell County, KY. Their commitment to improving the lives of those less fortunate are an inspiration to many. Their contributions have truly made the world a better place. Drs. Cottrill, Slusher, and Salley are tributes to Kentucky. They are Kentucky at its finest. I thank the Senate for allowing me to recognize Dr. Carol Cottrill, Dr. Tina Slusher, and Dr. Robert Salley and voice their praises.●

CELEBRATION OF THE 100TH ANNI- VERSARY OF THE GEORGETOWN FIRE COMPANY

● Mr. CARPER. Mr. President, I rise today to celebrate the 100th anniversary of the Georgetown Fire Company. Founded in 1903, the Georgetown Fire Company is only one of fifteen Delaware fire companies to achieve a century or more of service a testament of the hard work and dedication of those who have been part of this venerable organization.

Several fire companies in Delaware, particularly around rural communities, were formed in the wake of disasters. That was the case for nearby Milton, which founded its fire company in 1901. But residents and town leaders in Georgetown formed their own fire company before a major fire broke out.

On April 11, 1903, the commissioners of the Town of Georgetown advised the

town's people by posting in the local newspaper, The Sussex Journal, that there would be a meeting that evening for the purpose of creating a fire company. In this posting, they stated that the formation of a fire company would decrease the cost of fire insurance within the town. There were fourteen charter members of the Georgetown Fire Company. Until that day, the community had relied solely on so-called bucket brigades and a hand-drawn ladder wagon.

Today, the fire company owns the most modern of technology and firefighting equipment, and what started off as a small squad of locals with minimal training has evolved into a company that today has almost 100 members, 50 of whom are active. The remaining members are life members, limited service members or honorary members, all of whom continue to help protect Georgetown. Originally located in the old fire hall building on The Circle in 1930, they moved to their new building on South Bedford Street in 1966. There, the doors are opened one evening each February for an annual fundraiser for the fire company, the legendary "Oyster Eat," which attracts people from throughout the Delmarva peninsula and beyond.

I rise today to recognize all the members of the Georgetown Fire Company, past and present, and their contributions to their beloved community. This is a historic event, especially for a non-profit organization based solely on volunteerism. I congratulate you all and thank you for your service to the people of Georgetown and to all of Southern Delaware.●

TRIBUTE TO MAJOR ROBERTA KEARNEY CHANG

● Mrs. MURRAY. Mr. President, I rise today to recognize a great American and a true military heroine who has honorably served our country for over 20 years in the Army Medical Service Corps: MAJ Roberta Kearney Chang. As a resident of Bellevue, WA, MAJ Chang began her career at Fort Benning, GA, home of the Army's infantry, as a medical platoon leader. There, she earned the coveted Parachutist Wings and Expert Field Medical Badge. Following in her father's footsteps, the late First Lieutenant Robert M. Kearney, United States Army. Retired, she quickly rose through the ranks and served at Army bases throughout the world.

MAJ Chang had two overseas tours, one in Honduras, Central America, and one in the Republic of Korea. In Honduras, she participated in humanitarian missions to provide aid and medical care to the people of this country. In Korea, she successfully completed two consecutive company commands for the 121st Evacuation Hospital and Headquarters, 18th Medical Command. MAJ Chang was handpicked to become an instructor at the U.S. Army Academy of Health Sciences, Fort Sam

Houston, TX. In this capacity she taught health care administration subjects to over 5,000 officers annually. MAJ Chang also served as the senior patient administrator for the Command Surgeon, United States Army Reserve Personnel Command. She counseled and assisted hundreds of reservists that were injured as a result of service in Operation Desert Storm. Her knowledge of the intricacies of the physical disability system for both the active duty and reserve component soldiers is unsurpassed, and she is considered an expert trainer in these areas. She served as a health care operations officer and the head of communications and customer service at the TRICARE Mid-Atlantic, Lead Agent Office Norfolk, VA for final assignment TRICARE Mid-Atlantic serves over 1 million military beneficiaries.

In each assignment, MAJ Chang excelled and met every challenge, and was rewarded with greater responsibilities and opportunities. Her talent for teaching and mentoring personnel, as well as her creativity and skill in management, were instrumental in providing army medicine the fine cadre of hospital administrators serving today. Above all, she is a stellar officer and leader who always put the welfare of her staff and patients first. MAJ Chang is a committed health care professional, and is an active member of the American College of Healthcare Executives and the American Health Information Management Association. MAJ Chang always went the extra mile to serve her country and her fellow man. Her performance reflects greatly on herself, the United States Army, the Department of Defense, and the United States of America. I extend my deepest appreciation to MAJ Roberta Kearney Chang on behalf a grateful Nation for her over 20 years of dedicated military service. Congratulations, MAJ Chang, and let me be the one of the first to welcome you home to Washington State.●

DICK KNIPFING'S 40TH ANNIVERSARY IN NEW MEXICO BROADCASTING

● Mr. DOMENICI. Mr. President, I rise to pay tribute to a friend and public servant of New Mexico, Dick Knipping of Albuquerque.

A few years ago, a New Mexico research company conducted a statewide poll on the popularity of certain well-known people. My name was one of the most recognized, but I wasn't No. 1. The person best known and best liked by New Mexicans was Dick Knipping.

He is not a politician. He has never been Governor, Senator, mayor, or on any city council. Dick is something more special to everyday citizens—he has been a nightly guest in their living rooms for 40 years.

In July 1963, Dick started as a reporter for the CBS affiliate in Albuquerque. He did it all. He shot and edited his own film, wrote his own scripts,

and got to know some of the most influential people in New Mexico. Eventually, Dick became an anchor. Over the course of his career, he moved to the ABC affiliate, then to the NBC station, and back to ABC. This month, he celebrates his 40th anniversary in broadcast journalism at channel 13, the CBS station where it all started.

Since Dick returned to Channel 13, a station whose news had been in the ratings cellar, the station rapidly shot into head-to-head competition with other New Mexico news channels. There is one big reason—Dick Knipping.

New Mexicans trust Dick as a veteran newsman. He is respected by his colleagues. He has been inducted into the Silver Circle Society by the National Academy of Television Arts and Sciences, one of the organization's highest honors for a television journalist.

Dick Knipping is revered by viewers because they easily discern that he is devoted to bringing them a comprehensive and accurate look at the day's major news events. Viewers have welcomed him into their homes, either as a reporter or anchor, because he has shown them that he cares very deeply for New Mexico and its people. Dick, and his wonderful wife, Charlene, have made Albuquerque and New Mexico their home, and integrated themselves into activities to make it a better place to live.

Like tens of thousands of New Mexicans, my wife Nancy and I have grown accustomed to Dick's face and his voice. As he marks his 40th anniversary in broadcast journalism, we hope there will be 40 more years of Dick Knipping to represent the best in broadcasting.●

GREATER MIDWEST AFFILIATE OF THE AMERICAN HEART ASSOCIATION

● Mr. LEVIN. Mr. President, I am pleased to recognize the creation of the Greater Midwest Affiliate of the American Heart Association. This new affiliate which was founded on July 1, 2003, covers seven States, including my State of Michigan.

Heart disease is still the No. 1 killer in America. The American Heart Association is the second largest funding source for research and prevention of heart disease behind only the Federal Government. Its mission is to reduce disability and death from cardiovascular diseases and stroke. To this end, they work within local communities to educate people on prevention and identification of heart disease.

The merger which creates the Greater Midwest Affiliate strengthens the potential for positively influencing the health and welfare of Americans by advancing groundbreaking medical research and spreading lifesaving education on heart disease to people of all ages. I am sure my colleagues join me in applauding the Greater Midwest Affiliate of the American Heart Association as they renew a commitment to
